 LOVE
SONG

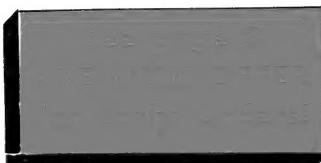

(Patent No. 1360)

Large 5"-6" blooms with 45-55 petals, we consider Love Song the best and most beautiful bi-color rose we have ever seen. Rich salmon-pink, with the lower third of the petals a brilliant yellow, Love Song has all the other characteristics of the popular Peace rose.

HOW WE DO BUSINESS

**PLEASE READ BEFORE
ORDERING**

GUARANTEE — We guarantee our stock to be true to name and to grow if proper care is given. If any stock purchased fails to start growing after being properly planted and cared for, we will replace free of charge. This free replacement policy does not include any transportation charges and must be borne by the customer. Any claims for adjustments must be made with us on or before July 1st on purchases made the preceding fall or spring. When making claims, it is necessary that you either send us the order number if you received it by mail or present your sales slip if purchased direct at our nursery. In no event will we be liable for more than the original purchase price. All replacements made during next planting season.

DELIVERY — No charge for local delivery in City of Spokane or Spokane Valley on orders for \$5.00 or more. We are always glad to take your order by phone or mail and make delivery on day you specify.

SALES TAX — If you live and order from the State of Washington, please enclose 3½% state sales tax. No sales tax for people who order from other states.

SPECIAL OFFERS AND SUBSTITUTIONS — In all special offers listed in this catalog, we reserve the right to substitute with varieties of equal or greater value when necessary. All "3 for" prices in this catalog apply only on orders to be shipped at one time to one address. Please note the special space provided on the order blank for substitutions. If you check "no", we will not substitute unless it is a special offer. If you check "yes", we will, if necessary, substitute to the best of our ability and you can be assured that you will have equal value for any money sent to us and in most cases more. If you do not check either "yes" or "no", we will use our own judgment at time of shipment with the understanding that you have given us your order in that manner.

SHIPMENT and PRICES — All of the stock listed in this catalog is for availability during the year of 1957 and the prices quoted are subject to change at any time without notice. On all orders that permit us to ship through the mails, we prepay the postage. On orders for stock that are too large for mailing regulations, we send via express or Auto Freight at purchaser's expense. Due to the increased costs of labor and packing material, please add 10% to your order for packing charges.

Newer EVERBLOOMING ROSES

RED FAVORITES

NEW!!!

NEW!!!

AUDIE MURPHY. Named in honor of Audie Murphy, America's most decorated hero of World War II. The long taper-buds of vivid rich crimson are exquisitely shaped, with long clasping sepals, which recurve gracefully as the flower opens (18-22 petals). The brilliant 4½"-5½" blooms have wonderful petal texture, and are a luminous currant to cherry-red, shading to orient-red near the center, with a velvety sheen. The blooms have a spicy fragrance, and come on long cutting stems — excellent keeping qualities as a cut flower. We like to think of this rose as the red Eclipse. Illustrated on the inside front cover. Pat. applied for. \$2.75 each.

BINGO. This breathtaking, beautiful, large, luminous red rose will make you shout "Bingo". Let this free-flowering, fragrant beauty light up the "four corners" of your garden and give a "blackout" to your yard. Foliage is dark, semi-glossy and disease resistant. Pat. 1392. \$2.50 each.

CHARLES MALLERIN. Dark crimson velvet. One of our finest dark red roses. Very velvety and has outstanding substance. One of our favorites. Pat. 933. \$2.50 each.

CHARLOTTE ARMSTRONG. The originators of this rose, calls it "Queen of Them All," and well it may be. Winner of the sole 1941 AARS award. Its long slender, cerise buds and magnificent open flowers make it very popular. Fine for cutting and a consistent show winner. Illustrated on page 35. Pat. 455. \$2.25 each.

CHRYSLER IMPERIAL. 1953 All-America Winner. Vivid rich tones of crimson are enhanced by darker overtones of glowing oxblood red, and the gem-like lustre of garnet in the folds retains its sparkling beauty. Long tapering buds unfold even in adverse weather, opening to large, high centered flowers measuring 4½ to 5 inches with 40 to 50 petals. Flowers are sweetly scented with a true rose fragrance. An ideal red exhibition rose. Illustrated on page 35. Pat. 1167. \$2.50 each.

KARL HERBST. We like to call this rose the "Red Peace". It has all of the same habits as the Peace rose only a dark red in color. We think that all of you exhibitors will like it. \$2.00 each.

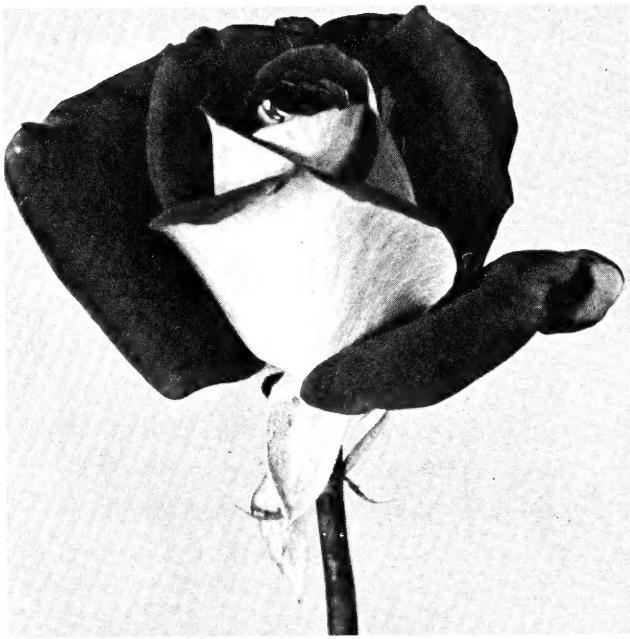

KONRAD ADENAUER. One of the fine new reds to come out in the last few years. Very dark red buds that are definitely pointed, open to huge blooms with a velvety sheen. Free blooming, a very healthy plant. P.A.F. \$2.50 each.

NEW!!!

NEW!!!

MIDNIGHT. Midnight lives up to its name in coloring and we are able to say, "Here is a deep dark red-black rose — the first one having a big vigorous plant and resistance to mildew with ordinary care". The semi-double flowers top a robust, free branching plant. Long, perfectly formed slender buds and graceful long-lasting blooms on long straight stems. A romance flavor is given to the evening air by its rich, spicy cinnamon and clove fragrance. Illustrated on the inside front cover. P.A.F. \$2.75 each.

NEW YORKER. Called by the originator as "The Best Red Rose of All Time." While we don't exactly agree with him, New Yorker is worth a place in any garden — even two or three of them if you like an enormous red rose that stays red until the last petals wither and fall. 3 ft. Pat. \$2.25 each.

FORTY-NINER

WHITE FAVORITES

ARDELLE. If ever a white rose will make a place in "Exhibition Hall", this rose should do it. Peace and Mrs. Charles Lamplough have long been two leading exhibition roses and these are the parents of Ardelle. Very large flower of 50-60 petals, creamy white in color, very double and high centered flowers that usually come two to a stem and should be disbudded for a perfection flower. Very vigorous plant to 4' and abundant glossy foliage. Free bloomer and fragrant. This could be that perfect white rose that we have been waiting for so many years. Our supply is very limited. P.A.F. \$2.75 each.

WHITE SWAN. There is nothing any prettier or purer than a white rose nestled in dark green foliage. Very perfect form, White Swan has the dark green foliage and pure white bloom. This rose can easily give McGredy's Ivory a run for the money in any rose show. Pat. 1115. \$2.25 each.

WHITE WINGS. Somebody once said that simplicity is perfection in art. In White Wings, a single white, we have that simplicity. Lots of people call this the "White Dainty Bess" A most unusual rose for flower arrangements. Pat. 850. \$1.75 ea.

PATENTED Hybrid TEAS

YELLOW FAVORITES

BURNABY. Very high rated rose and creating much interest by all Northwest rose growers because of its exhibition qualities. Very good form but rather a sparse bloomer. Its blooming habit is made up by the perfect bloom that is always displayed. Considered to be a light yellow and listed so in this heading, we call it a creamy white. Should give McGredy's Yellow plenty of competition in the years to come. Illustrated inside front cover. Pat. 1314. \$2.50 each.

NEW!!

NEW!!

FORT KNOX. A very deep golden yellow that is clear. Medium size bud that opens to a medium size flower. The flower is not bulky and in most instances will come several on one stem if not disbudded. Very large foliage and leathery, dark green. We have never seen it over 3 ft. tall. P.A.F. \$2.50 each.

GOLDEN MASTERPIECE. New yellow rose introduced by Jackson & Perkins last year. The enormous golden yellow flowers are truly a masterpiece. Sometimes a large bloom appears ugly to us because it does not have the stem to support its size, but this is not true with Golden Masterpiece. We have watched this rose for several years in the test gardens, and have yet to see a bloom that was not supported by a vigorous stem with glossy foliage. It has the fragrance and high centered flowers that should make it one of our leading exhibition roses. If you want a good yellow rose, we can suggest Golden Masterpiece. Pat. 1284. \$2.75 each.

PEACE. If you were to have one rose in your garden, we would say that this was it. A consistent prizewinner. Perhaps the chief beauty of this rose is the great range of colors through which it passes. The large ovoid shape bud emerges to a fully 5 inch bloom with shades of canary yellow, pale gold, cream, pearly white and apple blossom pink. The color also varies with the season. It seems that no two plants produce the same color of blooms — each one a little different. The very best of foliage on a very strong plant. Pat. 591. 3-4 ft. Illustrated inside back cover. \$2.50 each.

SUTTER'S GOLD. This rose has won about every award, both on the Continent and U. S. Long pointed yellow buds which are richly shaded with orange and red. The open flower is golden yellow with a very rich fragrance. Foliage is excellent. Sometimes mistaken in the fading flower for Peace. We like this rose very much and recommend it. 3 ft. Pat. 885. Illustrated on page 35. \$2.25 each.

NEW!!!

CARELESS LOVE. Strictly a novelty rose. This rose will open your neighbor's eyes and might even make you talk to yourself — at least it will make a good topic of conversation. The flower is predominantly red with white streaks through it. Somewhat similar to the variegated camellia. Careless Love grows about 3 ft. high and produces fragrant flowers throughout the season. P.A.F. \$2.50 each.

FRED EDMUND'S. Beautifully shaped orange colored buds open to apricot orange flowers. Green glossy foliage. 2½ ft. Pat. 731. \$2.00 each.

FORTY-NINER. One of the most richly brilliant of all bi-color roses and certainly one of the most attractive. It is a clear vivid red with pure straw yellow on the reverse of the petals. Grand, vigorous plants with a satisfying amount of bloom. Pat. 792. \$2.25 each.

LA JOLLA. Listed here because of the repeated demands. Pastels of pink, cream and gold. While it does have an unusual color and is probably a worthwhile addition to the garden, we rather like Tiffany better. However, we have some beautiful specimens here in Spokane. Pat. 1103. \$2.75 each.

NEW!!

NEW!!

LOVE SONG. If you have liked the Peace rose, then this is for you. Love Song is an exciting big rose of rich salmon-pink with a yellow reverse — one of our finest bi-colors. Large blooms of 5-6 inches have 35 to 55 petals. The unopened buds are big and fat and develop into urn-shape. At this stage, the coloring is a delicious blend of smooth yellow and deep coppery salmon-pink. The colors become more intense as the bloom unfolds. As with its parent, Peace, the full blooms are a glory. The plant also closely resembles that of Peace: well balanced, upright, sturdy and strong, with dense, heavy, deep green, glossy foliage and straight, heavy stems, with never a weak neck among them. The blooms last well and are sweetly fragrant. Illustrated on front cover. Pat. 1360. \$2.50 each.

MME. HENRI GUILLOT. Don't let the name trip you up; just call it "Madam Henry" like we do. Foliage very leathery like Peace. Blooms of watermelon to raspberry pink with gold base. Pat. 337. \$2.00 each.

MOJAVE. All-American Winner for 1954. Mojave takes its name from the famous California desert, and the name fits it perfectly because its rich coloring is typical of a desert sunset — glowing orange shot with flame-like tones of scarlet and vermillion. Big, beautiful tapering buds which open to big, pleasantly fragrant, richly colored flowers. Medium height with good glossy foliage. Mojave is one variety that will shine in your garden. Illustrated on page 35. Pat. 1176. \$2.75 each.

TAFFETA. Carmine, rose and buff in color, Taffeta has long been a favorite AARS winner. We especially like the mahogany-colored foliage. Not over 3 ft. Pat. 716. \$2.25 each.

PINK FAVORITES

FIRST LOVE. This is sure to be the "First Love" in your garden if you enjoy sensational buds — and who doesn't. Urn-shaped, long and slender dawn pink buds that simply steal your heart. The open flowers are lovely, too, with each delicate pink petal gracefully pointed. We wish we had room in this catalog to show you an illustrated cut. 3 ft. Pat. 921. \$2.25 each.

HELEN TRAUBEL. Easily the outstanding new rose of 1952. We do not recall of one complaint to reach us on this rose. In all the people who we have talked to and the letters we have received, it has been highly praised. This new Armstrong rose is the best since Charlotte Armstrong. Illustrated inside back cover. Pat. No. 1028. \$2.50 each.

NEW!!!

NEW!!!

PINK FAVORITE. Perhaps the outstanding rose to ever be introduced by a Northwest grower — Peterson & Dering of Scappoose, Oregon. Dark pink at the base of the petals growing to a lighter pink at the tips. Very long buds and an abundance of dark, green, glossy foliage. Blooms are 3-4" across and bush grows 3-4' high. Of exhibition quality if disbudded. Winner at numerous rose shows in the Northwest last season. Illustrated inside front cover. P.A.F. \$2.50 each.

TIFFANY. Somewhat like Picture only larger in flower. Very warm clear pink flowers that come on long stiff stems and perfect dark green foliage. The petals have a lot substance which makes it a good cutting rose and the perfect flower makes it a leading exhibition rose. A very delightful fragrance. All America selection of 1955. Pat. 1304. \$2.50 each.

JUNO. Listed here because of repeated requests. This giant silvery pink beauty has long been a favorite with our customers and us. We can't list all of the good varieties and this will be your last chance to order Juno from our catalog. Pat. 895. \$2.25 each.

SHOW GIRL. Large deep pink rose buds that are excellent for cutting. This has long been a favorite with everybody and an outstanding exhibition type. Easy to grow. Pat. 646. \$2.00 each.

RED FAVORITES

CRIMSON GLORY. Finally off of the patent list and at a new low price. Crimson Glory is always listed in any "10 Most Popular Roses in America" survey. A deep, vivid crimson flower that stands erect on vigorous bushes. It really has the fragrance, more so than any other rose. Illustrated back cover.

CHRISTOPHER STONE. A thrilling scarlet-crimson from tight bud until the last petals fall. Roses come and go but this will perhaps always be listed among the best reds. Regardless of price, variety or newness, Chris. Stone is our largest selling red rose. Fairly double. 2½-3 ft.

ENA HARKNESS. A grand new English rose that we recommend as the finest rose listed in this catalog regardless of price. It's a vivid, poinsettia-like scarlet with no fading, bluing or burning. A very pronounced fragrance. Good shaped bush with disease-free foliage. An absolute "must" for every garden. You'll be hearing a lot about this rose in the next few years. Illustrated on page 36.

NIGGER BOY. Very double flowers of blackish maroon. Prolific bloomer and sweet fragrance. 2-2½ ft.

YELLOW FAVORITES

ECLIPSE. Slim tapering buds of golden yellow have made Eclipse one of our most popular cutting roses. Finally off the patent list and offered at this new low price. Illustrated on back cover.

JOANNA HILL. Orange-yellow buds opening to large double flowers of cream and orange. Very popular for cutting. 2½-3 ft.

McGREDY'S YELLOW. Bright buttercup yellow on very strong growing bushes. This rose is a consistent rose show winner despite some of the fine newer varieties. 2½-3 ft.

TWO-TONE FAVORITES

COUNTESS VANDAL. This is an old standby with us. An excellent performer in any garden. Color combination can hardly be described: pink, copper, gold and salmon. 3 ft.

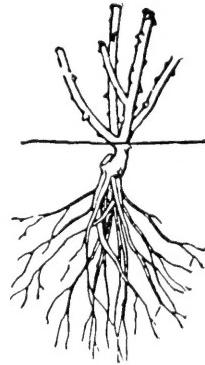

MRS. SAM McGREDY. An exhibition rose that will be a winner in any rose show. Scarlet-orange that changes to copper as the bloom matures. Very delicately perfumed. About 2½ ft.

PRESIDENT HOOVER. Another consistent show winner. A very large flower of flaming scarlet and yellow in the bud, opening to soft creamy yellow and red. Very vigorous plant. 3½ ft.

SIGNORA. One of our old favorites and now off of the patent list. Enjoy this rose at this new low price. Warm brownish orange buds, opening to lighter mandarin and salmon. Very double and very fragrant. Illustrated on back cover.

TALISMAN. This is perhaps the best known and most widely planted rose in America. We don't like it too much but then everybody does not have the same taste. Rich scarlet and gold to deep rose and pale yellow. Fragrant and at its best when in the bud. About 2½ ft.

PICTURE. A very fine rose for cutting and pretty as a "picture". To see the velvety-rose pink flowers is to want it. 2½-3 ft. Illustrated back cover.

DAINTY BESS. Very popular single flowering rose. Five light pink petals enclosing a mass of crimson stamens. 3-3½ ft.

LULU. Very long sleek buds of salmon-orange that open into a single flower of 8 petals. Very popular. 3 ft.

THE DOCTOR. Enormously large semi-double pink flowers that literally hold you spellbound as you view it. Plant this in your garden and watch people stop to look at it. Very fragrant and satiny. Not over 2½ ft.

WHITE FAVORITES

FRAU KARL DRUSCHKI. Magnificent snow-white blooms with a touch of pink in the center. 3-6 ft.

SNOWBIRD. One of our better whites together with Frau Druschki. Buds like a gardenia. See our collection offer on the back cover which includes this rose. 2½-3 ft.

VIRGO. A fairly new white rose that is gaining in popularity. About 4 ft.

GRANDIFLORAS

A BRAND NEW
STYLE IN ROSES

BUCCANEER. A new yellow introduced by Armstrong several years ago. Tall growing that should only be planted in the background. Buccaneer is a good continuous bloomer with excellent glossy foliage. Very moderate fragrance. Has been one of the outstanding yellows in our garden on Rose Hill. Pat. 1119. \$2.50 each.

CARROUSEL. The first rose to bear the distinction of the new Grandiflora Class. We have stated in this catalog for several years that this rose has not received the publicity that it deserves and just as we go to press, the American Rose Society has awarded Carrousel, together with Fashion, an award as one of the outstanding roses of the past five years. The color of Carrousel is called "Indian Lake" red. Very large blooms that drop cleanly to make room for the newly opened crimson buds. Pat. 1006. \$2.00 each.

MONTEZUMA. A new Grandiflora rose of last year. This rose is a remarkably brilliant orange-scarlet colored rose. Long tapering buds open to high-centered flowers of sheer rose perfection in form. Tall growing plant of free branching habit with plenty of large handsome foliage. We like the color appeal and its ability to grow easily. Illustrated inside front cover. Pat. 1383. \$2.75 each.

QUEEN ELIZABETH. Both of its parents being AARS winners proves that blood is thicker than water. Color is a very soft orchid pink with high centered flowers. Comes both in clusters and one to a stem which goes to make ideal cutting. Long almost thornless stems. This rose belongs to the Grandiflora class. Pat. 1259. \$2.50.

Climbing Roses For A Riot of Color!

PINK SHADES

NEW!!!

BLOSSOMTIME. One of the finest new everblooming two-toned pink. Beautiful buds and good foliage. Like all everblooming climbers, Blossomtime does better if grown as a pillar rose. Pat. 1240. \$2.50 each.

NEW!!!

CL. CECILE BRUNNER. One of the best small dainty bud producers. Truly "The Sweetheart Rose". \$1.75 each.

CL. PINKIE. A new Cl. floribunda with the same type blooms as the bush. A very compact 6-8 ft. climber that no doubt will find a place in your yard where the ordinary climber would be too rampant. The glossy green foliage is almost hidden completely by the clouds of pink bloom. Best of all it doesn't stop with the first blooms but keeps producing cluster after cluster of bloom throughout the season. Pat. 1076. \$2.75 each.

CLIMBING PINOCCHIO. Anyone who knows roses knows Pinocchio, a favorite Floribunda for the past 12 years. Cl. Pinocchio will produce an unbelievable amount of the same blooms as the bush from June until frost. Very long lasting when cut for indoors. Pat. 1142. \$2.50 each.

NEW DAWN. Rosarians everywhere agree that this is the finest hardy everblooming climber for any climate. Blush pink in color on long stems. Sometimes known as the Everblooming Dr. Van Fleet. \$1.75 each.

TWO-TONED SHADES

CORAL DAWN. Similar in habit to its parent, New Dawn. Coral pink in color. Everblooming from late spring until frost. Pat. 1117. \$2.50 each.

CL. TALISMAN. Same as bush rose, Red, gold and yellow. \$1.75 each.

YELLOW SHADES

NEW!!

NEW!!

GOLDEN SHOWERS. First climbing rose to win a national AARS award. Golden Showers is a very fragrant, high centered bloom, 4-5 inches across and daffodil yellow in color. Tested in all parts of the country as being winter-hardy. Blooms from early spring till late fall. Can be grown as a large bush, pillar or climber. Glossy foliage and resistant to mildew with normal care. We have watched it for several years in the test gardens and do not know of anything more one could ask for in a rose of this type. P.A.F. \$3.00 each.

HIGH NOON. Everblooming yellow with hybrid tea like flowers. \$2.50 each.

CL. GOLDILOCKS. Identical to the bush Goldilocks. Pat. 1090. \$2.50 each.

Roses that Bloom *Floribunda* Roses

Roses that Satisfy

ORANGE AND TWO-TONED FAVORITES

AMY VANDERBILT. While we don't care for lavender color in a rose, we usually list one. Last year it was Twilight and now we have Amy Vanderbilt. This rose is much better than one of its parents, Lavender Pinocchio — more bloom, more vigorous bush. Globular bud with a tint of red. P.A.F. \$2.50 each.

NEW!

NEW!

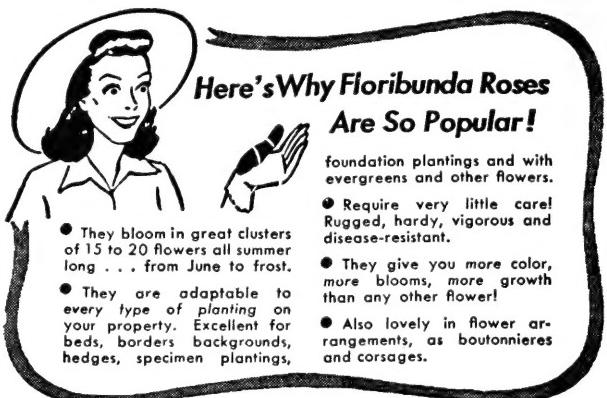

CIRCUS. The only All-America Winner for 1956. Perfect buds of almost red that open to very perky high centered blooms in huge clusters of red and yellow. These blooms will give you a continuous display as they keep coming and coming all summer. Excellent foliage on an excellent bush that grows to 3 ft. in our climate. Somewhat of an old rose fragrance. The color of Circus is distinctively different and the only other rose that might come near it in color would be Masquerade. Singly or in an electrifying mass. Circus will bring you "the greatest show on earth" right into your own garden. Why not plant three of them? P.A.F. \$2.50 each; 3 for \$6.00.

SPARTAN. We consider this rose the finest of all the new roses planted at Rose Hill this year. In our estimation it was easily heads above any other Floribunda. Gorgeous burnt-orange buds slowly open to huge, high-centered hybrid-tea-shaped blooms — flushed with a sparkling warm orange-red color. Ideal for cutting and sweetly fragrant. Pat. 1357. \$2.75 each.

FASHION. If you will look in our past catalogs, you will note that we have recommended this rose very highly. The oriental red buds are just waiting to burst out into exquisitely formed blooms in a sparkling new coral-pink that is suffused with gold. Very fragrant and a nice growth of about 3 ft. Our previous offer still stands when we tell you to plant three of Fashion this year and if you can honestly tell us that you don't like it we will be glad to refund your money. Pat. 789. \$2.00 each.

JIMINY CRICKET. We think that the outstanding feature of this 1955 All-America Winner from Jackson & Perkins is the sparkling new color — a bright apricot-orange. The aging flowers are somewhat lighter but from the time the first bud opens until the end, it never knows a dull moment. Each of the endless processions of buds and flowers is a perfect hybrid tea in miniature. Excellent for cutting. Pat. 1846. \$2.00 each.

VOGUE. Vogue is bright, gay, coral cherry in color. With its vigorous wealth of bloom, it will be one of the finest roses in your garden. Add to this the exquisite form of both the bud and open flower, and you will see why we didn't have enough to go around last year. Very fragrant and disease resistant foliage. Plant 3 VOGUE this spring and we will guarantee you one of the finest shows you have ever had. Pat. 926. \$2.00 each.

Here's Why *Floribunda* Roses Are So Popular!

- foundation plantings and with evergreens and other flowers.
- Require very little care! Rugged, hardy, vigorous and disease-resistant.
- They give you more color, more blooms, more growth than any other flower!
- Also lovely in flower arrangements, as boutonnieres and corsages.

RED FAVORITES

GARNETTE. Although used extensively as a greenhouse rose for some years, it was new to outside gardens last year. We do not know of any other rose that will hold up as well when cut. Its red "sweetheart" sized flowers will delight anybody who delights in flower arranging. This gem also has crinkled holly-type foliage. Be sure to plant it in front as its height is seldom over 18 inches. \$1.75 each.

RED PINOCCHIO. The ever popular Pinocchio in a rich glowing red. Fragrant. 2½ ft. Pat. 812. \$1.75 each.

VALENTINE. Valentine was easily one of the "most commented about" roses in our own field this past summer. Never without bloom, this 18 inch high, rich dazzling red, semi-double floribunda, really took the "Ohs" and "Ahs". To give your garden a splash of color, Valentine will do it. Pat. 1029. \$1.75 each.

TEXAN. Red as a prairie fire! Tough as a prairie dog! Tall as a ten gallon hat! Softly-scented as a southern belle! That's Texan. You won't believe us when we tell you that we have seen this rose up to 8 ft. in height. We suggest that you give it plenty of room in your garden and plant in the background. Well, pardna, how many will you have? P.A.F. \$2.50 each.

WILDFIRE. Betty Prior has long been a favorite with us for hedges, and now comes Wildfire as its equal in red. If you want color that will be the envy of the neighborhood, then this is for you. Very large for Floribunda, the wide-flaring nearly single flowers of rich dazzling scarlet, unfold into huge sprays which completely envelop the plant, making it a blaze of color. The petals are crisp, the sprays long lasting. Try this for a hedge if you want red. Very nice as individual plants too. Pat. 1381. \$2.00 ea.

YELLOW FAVORITES

GOLDILOCKS. Our best yellow floribunda. Quite low in growing habits — about 2 ft. tall. Buds are ovoid with a reddish tinge. Bloom of sulphur yellow that lasts well when cut. Pat. 672. \$1.75 each.

NEW!!

NEW!!

GOLDEN FLEECE. A brand new yellow Floribunda that we have needed. Golden Fleece is as bright as the sunlight itself. Lovely tawny gold buds slowly open to a light shade of rich, warm gold and then lighten to a dazzling canary yellow. Very large blooms for this type of rose — often to 4 inches across. We have counted as high as 25 blooms to one cluster. About 2½ ft. in height. This is best of all the tall-growing yellow Floribundas. Pat. Pend. \$2.50 each.

BETSY McCALL. A very good abundance of nice light pink flowers in which the color holds. Nice, dainty corsages can be made from the well shaped buds. Pert and pretty, like a little girl showing off her new Sunday-go-to-church clothes. P.A.F. \$2.50 each.

LILIBET. 1954 All-American Floribunda Winner. Named in honor of Her Majesty, Queen Elizabeth II (it was her childhood name). This dainty new floribunda features flowers of light rose pink in the bud to a soft dawn pink in the fully open flower. It grows about 2 to 3 ft. in height, making it fine for a low hedge or as a single specimen. The plant is very sturdy, symmetrical and rounded, with glossy luxuriant foliage. Flowers continuously throughout the summer. P.A.F. \$2.00 each.

PINKIE. Dainty little pink buds that open to a flower of about 2 inches across. Very nice for cutting and use in arrangements. 1½-2 ft. Pat. 712. \$1.75 each.

PINOCCHIO. The first of the Pinocchio family. Pink that is suffused with salmon. Excellent for cutting and mass display. 3 ft. Pat. 484. \$1.75 each.

PINK GARNETTE. Pink form of the ever popular Red Garnette. Used extensively by arrangers because of its miniature-like blooms and holly-type foliage. Low grower. Pat. 1120. \$1.75 each.

ROSE ELFE. Miniature-like hybrid tea flowers that are silvery rose pink in color. The gardenia-shaped flowers are on this plant continually. Too bad that this dainty little rose is not planted more, it could easily become a favorite of everybody. 2½ ft. \$1.50 each.

THE FAIRY. Listed again by us because of popular demand. This highly rated little pink rose has probably the finest foliage of any rose. \$1.50 each.

MOONSPRITE. Moonsprite looks like moonbeams bouncing on the water, now yellow, now white. Pale yellow buds open to a mantle of fragrant snowy blooms. The flowers are many-petaled, high-centered, chrysanthemum-like, and they shade from pale gold to snowy-white. Pat. 1450. \$2.50 each.

WHITE BOUQUET. The only bush AARS Winner for 1957. This will probably be our leading actress in this year's play and because of her height, will give her best performance in the foreground. She has a gardenia-like shape with a sweet, spicy fragrance. Her costume is pure white with yellow stamens in the center as a highlight. We have seen her eyes as large as 4 inches across. Her accessories are a luxurious dark green. To those of you who have already seen White Bouquet in the various test gardens, will agree with us that this is the finest white Floribunda to date. Pat. 1415. \$2.50 each. (If you buy your bushes in groups of 3 or more of one variety, use the quantity rates on this page.)

Heckrottii. Red trumpets lined with gold. \$1.95.

IVY

Boston. Self clinging; one of the best. Small foliage that colors well in the fall. \$1.95.

SILVERLACE VINE

Very rapid grower producing lacy sprays of creamy white flowers. Free blooming. 2 yr. No. 1, \$1.95 each.

WISTERIA

A rampant clinging vine with flowers in long drooping clusters, resembling sweet peas. We offer grafted plants from blooming wood to insure blooming. Wisteria needs to be established well before blooming. We have 2 yr. No. 1 vines in purple. \$2.50 each.

HONEYSUCKLE

TREES LISTED ON THIS PAGE ARE *Styled* FOR THE MODERN RANCH TYPE HOME

The final touch needed to complete a garden scheme is the proper placing of a desirable tree. They may be used as accents; to outline paths and borders; to provide welcome shade; to furnish interesting patterns of light and shadow; to supply flowers, berries or foliage effects; or to add a feeling of quiet to the garden atmosphere.

FLOWERING DOGWOOD

DOGWOOD

Pink Flowering. One of the finest small growing ornamental trees; too often overlooked for use in the small yard. Pink flowers in the spring. The foliage colors very attractively in the autumn. 3-4 ft., \$9.95; 4-5 ft., \$11.95.

White Flowering. Same prices and description as above only flowers are white.

FLOWERING PEACH

Double Red. Rich ruby-red. Very large blooms.

Helen Borchers. Shell pink. Very large. Desirable for forcing indoors. Prices, 5-6 ft., \$4.35 each.

Royal Redleaf. A new ornamental flowering tree. Foliage is bright red in the early spring, gradually dulling to a deep maroon towards fall. Rose blooms make a pleasing contrast with the foliage. Produces red fruit with white flesh. Fruit has a wild seedling flavor that is edible or suitable for pickling. Hardier than most peach varieties. 5-6 ft., \$4.95 each.

FLOWERING PLUM

Blireiana. Early flowering, double pink. Striking red foliage. 3-4 ft., \$3.35; 5-6 ft., \$5.35.

Cistena. New flowering plum. Red foliage with white contrasting flowers. Low branching and bushy. 3-4 ft., \$3.35; 5-6 ft., \$6.00.

Newport. Hardy upright grower maintaining its reddish purple color until leaves drop. 3-4 ft., \$3.95; 5-6 ft., \$6.00.

Sapa. Green leaves throughout the summer. We like this variety as having the most fragrant blooms of any tree we know. White in color, the fragrance of the blooms almost knocks us over when we pass our block that we have in the field. 3-4 ft., \$4.95.

Thundercloud. Rich dark red foliage that really stays red until the last leaf drops. Pink bloom. One of the finest. 4-5 ft., \$4.95; 6-7 ft., \$6.00.

Triloba. The most popular of all flowering trees. Small rosettes of pink flowers that literally cover each branch in the early spring. Often called "Rose of China," 3-4 ft., \$2.95; 4-5 ft., \$4.95.

FLOWERING CRAB

Atrosanguinea. Carmine flowers with attractive fruit that hangs on most of the winter.

Bechtel's. Large double pink and one of the most popular. The variety we now have has fragrant blooms.

Eleyi. Best of the purple-leaf crabs. Pink blooms borne in profusion. Red fruit.

Hopa. Very upright growing. Crimson buds, rose flowers. Fruit red that hangs on until late fall.

Floribunda. Pink buds, white flowers. Yellow fruit that hangs on all winter. Very attractive at any time of the year.

Scheideckeri. Compact upright growth. Single rose blooms. Very popular, yellow fruit.

Prices above Crabs 3-4 ft., \$3.95; 5-6 ft. \$6.00

TWO NEW FLOWERING CRABS

ALMEY. Large blossoms of glistening red. Scarlet fruits. Blooms usually the first year planted.

MORDEN No. 454. Narrow pyramidal growth. Purplish leaf. Very dark bark. Rosy-red flowers, cherry-red fruit. Prices on Almey and Morden, 3-4 ft., \$4.50; 5-6 ft., \$6.00.

FLOWERING CHERRY

Kwanzan. Double deep pink flowers. Very fragrant. 5-6 ft., \$5.95.

GOLDEN CHAIN

Vossii. Beautiful small tree with bark of pea-green. Very graceful fragrant long chains of golden yellow flowers. 6-8 ft., \$7.95.

HAWTHORNE

Paul's Scarlet. Wide spreading spiny branches, the head equaling the height in diameter. Bright double-red flowers in abundance during May. 4-5 ft., \$3.00; 5-6 ft., \$4.95; 7-8 ft., \$6.00.

Cordata (Washington Thorn). Deep green glossy leaves with outstanding autumn coloring. White flowers with glossy red berries. 4-5 ft., \$5.95.

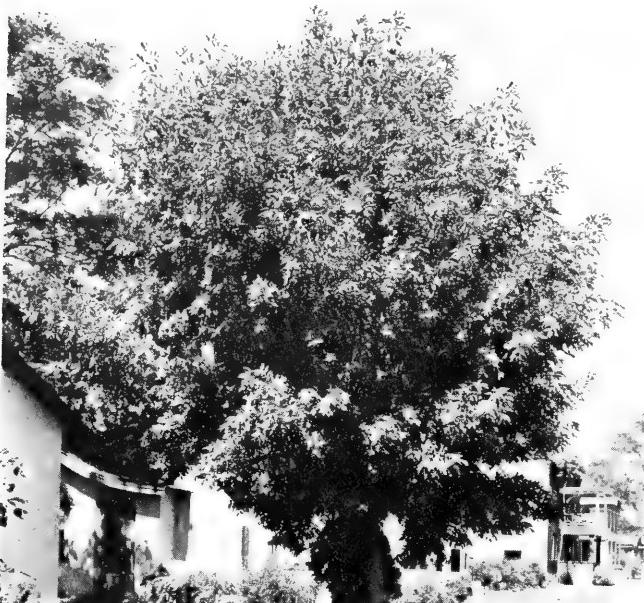

AUTUMN GLORY HAWTHORNE

Vigorous erect growing tree with grayish bark. White flowers followed by a profusion of large glossy, brilliant red berries all along the branches. Much more outstanding than the popular Mt. Ash. Featured extensively by the Wayside Gardens. 5-6 ft., \$7.95.

GREEN ASH

ASH

Green. Very good green foliage. It thrives over a wide area and is ideal for dry cold climates. 7-8 ft., \$4.95.

(Note: See Mountain Ash listed below)

BIRCH

Cut-Leaf Weeping. White bark. A pyramidal type of moderately rapid growth. Branches become more pendulous as the tree grows older. Very graceful. 8-9 ft., \$6.95; 10-12 ft., \$10.95.

Clump Birch. Same as preceding but usually with three or more stems originating at the base. Has become increasingly popular because it fits very well into the landscape of the newer type ranch home. 4-5 ft., \$5.95; 6-7 ft., \$8.95.

Canoe. White bark with brown speckles. Upright growing. 7-8 ft., \$7.95.

European White. Same as cut-leaf weeping but only with upright growth. 8-10 ft., \$10.00.

CATALPA

Western. A rapid growing tree with very large leaves, a nice clean bark and large white flower heads followed by long bean-shaped seed pods. 8-10 ft., \$7.95.

ELM

Chinese or Siberian. A very rapid growing tree with a dense head. Extremely hardy and disease resistant. 5-6 ft., \$2.35; 7-8 ft., \$3.50; 8-10 ft., \$4.50.

HORSECHESTNUT

Pink Flowering. A slow growing shade tree with pink pyramidal cone-shaped flowers. Very thick foliage. 6-8 ft., \$10.00.

White Flowering. Same as preceding, only white flowers. 5-6 ft. \$7.95.

LINDEN

American. Very large attractive leaves on a strong growing tree. Excellent for shade. 7-8 ft., \$7.35.

Pyramidal. A type of American Linden with a distinct pyramidal type of growth. Used extensively along the parking strips in Spokane's finer residential districts. 7-8 ft., \$8.95.

MOUNTAIN ASH

A fast growing shade tree with orange clusters of berries from August till late winter. Everybody knows this popular tree. 7-8 ft., \$6.35.

WILLOW

Wisconsin. Spreading limbs and weeping branches. Very hardy. Dark green leaves. 7-8 ft., \$5.95.

Golden. Medium spreading growth. Golden yellow bark. 7-8 ft., \$5.95.

MAPLE

Crimson King. An improved form of Schwedler that holds its red color throughout the summer. An excellent new novelty. 8-9 ft. whips, \$8.95; 7-8 ft whips, \$7.95.

Norway. Large and dark green foliage, round and spreading in growth habit. For lawn specimens or shade, this tree is recommended very highly by us. 7-8 ft., \$5.95; 8-10 ft., \$6.95; 10-12 ft. \$8.00.

Schwedler. Similar to the Norway Maple, except the new foliage in the spring is bright purple. Very attractive in the fall with its bronze and orange colored foliage. 7-8 ft., \$7.45.

SUNBURST HONEYLOCUST

(*Gleditsia Triacanthos Inermis Aurea*)

The first new color in a hardy, ornamental shade tree since Crimson King Maple. Bright golden foliage on 8 to 10 inches of branch tips, contrasts with the rich green of the balance of the tree; appears to be in bloom all summer.

*Broadly pyramidal head and excellent branching habit creates a beautiful symmetry unmatched by other honeylocusts.

*Producing only male flowers, Sunburst is absolutely seedless and causes no ground litter.

*Sunburst is adaptable to any location. Unusually strong, it has withstood ice and snow storms which completely ruined neighboring trees of other varieties. Plant Patent No. 1313. 6 to 7 ft. Lightly branched. \$12.50 each.

HONEYLOCUST

MORAINE. Our newest shade tree — the tree you will read about in all of the garden magazines. Take a look at these features and see if it is not just the shade tree that you have been looking for:

FORSYTHIA

-- Herald the Coming of Spring

Spring Glory. Without question the loveliest of all Golden Bells. The large pale yellow flowers completely cover each branch with a mass of bloom. There is nothing that will make you forget winter as quickly or announce spring as flamboyantly as Spring Glory. 2-3'. \$1.95.

Lynwood Gold. The finest of all deep golden yellow Forsythias. Erect branches are literally smothered under the golden flowers from top to bottom. With the bloom just as profuse as Spring Glory, why not plant them together for early spring blooming contrast? 2-3'. \$2.50.

SELECT YOUR OWN EVERGREENS, TREES, SHRUBS, and ROSE BUSHES

It is impossible to list all the plants we grow. The larger trees, specimen evergreens and shrubs that require transplanting with a large ball of earth, are mainly for local sales; it is obvious why it is not practical or economical to transport them any distance by rail.

Our "Balled and Burlapped" Evergreens . . . large broadleaf Evergreen and Deciduous Shrubs . . . Rhododendrons and Azaleas . . . large Fruit Trees . . . Vines . . . Perennials . . . are usually ready for "Cash and Carry" sales at proper planting seasons. Well-informed salesmen are ready to assist you to make your garden a part of your home life. Our business is not only to produce good plants but to advise you how to use them. For the benefit of those who cannot visit us week-days, we are open Sunday 9:00 to 6:00, during the planting seasons.

TREES IN SHRUB FORM

Because of the demand, we are now growing the following trees in shrub form. While they grow larger than the ordinary shrubs, they do find a use where you might want a little height and yet give you shrub effect. Use them in the background of your shrub plantings, along drives and as individual specimens.

Lilacs

**Spokane's
Adopted Flower**

NOTE: It should be remembered in connection with the color descriptions of Lilacs that the colors of all Lilacs are soft, and except for the whites, are a blending of colors rather than one pure tone. After transplanting it often requires two seasons or more for Lilacs to again produce their true color.

SPIREA

SPIREA

Anthony Waterer. Flat heads of rosy-pink flowers are borne all summer on these popular, compact, dwarf shrubs. Attractive foliage. 12-15 in., \$1.50; 15-18 in., \$1.95.

Caryopteris (Blue Mist). Often called Blue Mist or Hardy Blue Spirea. Low growing shrub covered with numerous clusters of powdery blue, fringed flowers from August to frost. Very attractive silvery green foliage. Very new and dainty. We recommend this hardy shrub very highly. No. 1 bushes, \$2.00 each.

Prunifolia. The true bridalwreath spirea. Produces great masses of double white flowers that are very showy and excellent for cutting. 24-30 in., \$2.25.

Thunbergi. A fine display of white bloom in early spring prior to leaves. Foliage is soft and feathery. Rather spreading habit. 24-30 in., \$1.95.

Van Houtte. A graceful, pendulous shrub surpassing all other spireas with its superb gracefulness. The most widely planted of the spireas. 24-30 in., \$1.75.

PHILADELPHUS (Mock Orange)

Virginalis. Immerse fragrant, double white flowers in large clusters that weigh down the branches. Blooms in May and June. 18-24 in., \$1.95.

Minnesota Snowflake. Pat. 538. Very double, new variety of mockorange. Fragrant. Blooms cover the plant from top to toe and keep coming all summer. 18-24 in., \$1.95.

NEW!!

NEW!!

FROSTY MORN

The new dwarf mockorange. Very fragrant and very double white, Frosty Morn blooms in June and July. Has proven to be thoroughly hardy here in the Inland Empire. It never reaches a height of over 3 ft., so it should be very adaptable for the foundation plantings of the newer type rambling home. 15-18 in., \$2.50 each.

GOLDEN MOCKORANGE

Newer variety of Mockorange. Very dwarf growing and compact with a striking yellow foliage. Ideal for the newer ranch-type home where straight evergreen plantings are a thing of the past. 15-18 in., \$2.50.

WEIGELA
EVA RATHKE

WINGED BURNING BUSH

EUONYMUS ALATUS. A prime favorite! Produces an abundance of yellow flowers in May which are followed by orange and red berries. Interesting corky bark. Outstanding in the fall with its reddish-pink foliage. Medium height. 24-30 in., \$4.50.

EUONYMUS ALATUS COMPACTA. Dwarf growing form of above. 15-18 in., \$3.50.

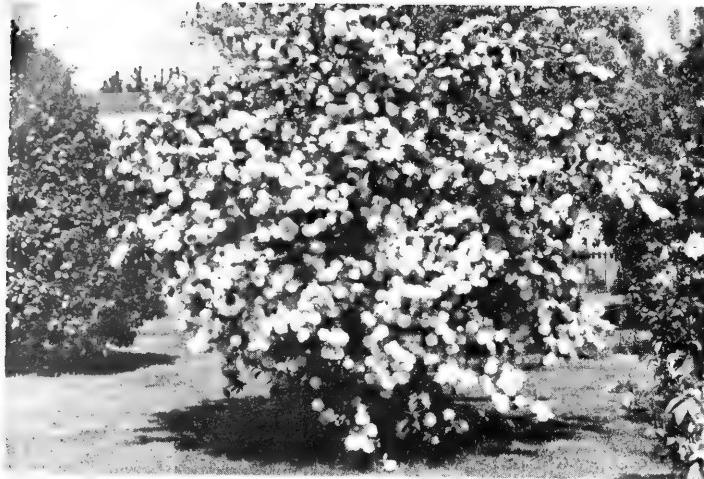

TAMARIX

TAMARIX

Hispida. A beautiful shrub with bright pink flowers in June and July. Very hardy. For best results with this shrub, cut back to the ground every two years. As they are rather hard to start, we give them a severe pruning prior to shipment. 24-30 in., \$1.95.

SMOKE TREE. An attractive specimen continuously from early spring until late fall; particularly fascinating in July, when it carries a great mass of filmy purplish clusters that resemble a rising cloud of smoke. Its flat leaves are stained pink, when young, and are of yellow and purple in autumn. 2-3 ft., \$2.95.

BRONZE-LEAVED SMOKE TREE. Similar in growth and habits to the well-known Smoke Tree, only this variety is the rare bronze-leaved and "bronze-plumed" Smoke Tree. Bronze foliage and bronze colored so-called plume or smoke. Nice bushes 2-3 ft. tall, \$4.50.

COMMON SNOWBALL

VIBURNUM

Highbush Cranberry. Well known hardy shrub, single white flowers in April-May, followed by scarlet fruit that hangs on all winter. Very attractive and showy. 24-30 in., \$2.50.
Common Snowball. A very popular shrub that blooms profusely in late spring and early summer. White snowball-type blooms. 18-24 in., \$1.95.

WEIGELA

Bristol Ruby. Our newest Weigela. Hardier and more vigorous, it makes a shapely, thrifty plant with attractive rich green foliage. Color is soft ruby red, extremely pleasing in effect and without harsh tone. The bush is perfectly formed, a well-rounded specimen requiring very little pruning because it flowers well from old wood; no die-back or uneven growth at any time. We have discontinued all other varieties in favor of this one. 24-30 in., \$2.50.

FRENCH PUSSYWILLOW. Very large catkins and tall growing. One of the best forcing varieties. Excellent green foliage during the growing season. 3-4 ft., \$2.50.

NEW! **NEW!**

ROSE GOLD PUSSYWILLOW (*Salix gracilistyla*)

New low mounded pussywillow to 3 ft., taking root where stems touch the ground. Foliage silvery, stays on late. Huge catkins silvery-gray, they turn silvery pink and rosy pink dotted with hundreds of bright yellow stamens, and finally becomes nearly solid gold. 1½-2 ft. \$2.50 each.

HONEYSUCKLE

Zabeli. Good grower with red flowers. Hedging size, \$6.00 per dozen.

AMERICAN ARBOR VITAE

- FAST GROWING
- EVERGREEN
- SHEARS WELL

Our most popular planted evergreen hedge. Very fast growing—12 to 24 in. per year. Hardy and evergreen. Looks good whether you trim it into box-shape or just let it grow. Plant from 3 to 4 ft. apart, depending on how fast you wish a good tight hedge.

Baby Size. 12-15 in., \$1.25 each; 12 for \$12.00.

King Size. 2-3 ft., \$3.00 each; 3 for \$8.25; 12 for \$30.00.

ENGLISH PRIVET

BEAUTIFUL EVERGREEN SHRUBS

WILL BRIGHTEN YOUR WINTER GARDEN

Broad-leaved evergreen shrubs provide some very choice plant material with the advantage of beautiful, decorative foliage all the year round, plus colorful blooms and berries in season. By choosing varieties carefully, it is possible to have some plant at an interesting stage at all seasons.

AZALEA MOLLIS (The hardy azalea). The only azalea hardy in the Inland Empire. Very colorful, large flowers of bright orange to flame. Prefers an acid soil and some shade, however you can use them in ordinary soil and full sun with the same results. All sizes are budded and will bloom the first year. 9-12 in., \$1.50; 12-15 in., \$2.75; 18-24 in., \$6.00.

BOXWOOD

Sempervirens. Fast growing boxwood. Bright glossy leaves. Used for hedges and as individuals. 9-12 in., \$1.50; 12-15 in., \$2.50.

Truedwarf. Same foliage as above. Slow growing and used primarily for dwarf hedges. 6-8 in., 75c; 12-15 in., \$2.50.

COTONEASTER

Horizontalis. Low, spreading evergreen. Tiny round green leaves that turn red in the fall. Red berries. 15-18 in., \$3.50.

Franchetti. One of the best taller growing varieties. Arching branches with thick greyish wrinkled leaves bear pinkish flowers and orange-red berries in the fall. 2-3 ft. \$5.00.

Apiculata. (Cranberry cotoneaster). Far superior to the other low spreading growers. The berries, size of cranberries, are gorgeous, brilliant glossy red and plenty of them. Our grafted plants will produce berries the first year planted. 15-18 in., \$4.00.

Divaricata. Upright spreading branches with foliage nearly evergreen. Flowers are pink and berries are red. Becoming increasingly popular, 3-4 ft., \$6.00.

DAPHNE

Cneorum (Rock Daphne). Low spreading growth with very fragrant pink flowers in spring. 4-6 in., \$1.25; 9-12 in., \$2.25; 12-15 in., \$3.00; 15-18 in., \$4.00.

Somerset. Similar to Cneorum but more erect upright growth. Bears deliciously fragrant flowers, pink opening white and becoming rose-pink before they drop. Spring blooming. 12-15 in., \$4.25.

Mezereum (Lilac Daphne). Interesting, lilac-purple flowers along the graceful, slender branches in early spring, followed by green foliage with red berries. 9-12", \$1.25; 12-15 in. bushy, \$2.50.

HEATHER

Mediterranean Hybrids. Dwarf growing, very compact. We have two colors, red and pink. 6-9 in., \$1.25; 9-12 in., \$2.00.

EUONYMUS. (Evergreen Bittersweet)

Radicans Vegetus. This is perhaps the most versatile of all the evergreen shrubs or vines. It has literally hundreds of uses. Thrives in both sun or shade, poor or rich soil. Use it as a vine, shrub or ground cover. Thick glossy leaves with bright orange red berries which remain on the plant the greater part of the winter, 9-12 in., \$1.75; 15-18 in. bushy plants, \$4.50.

PYRACANTHA (Firethorn). With all evergreens plantings on the newer type homes now including some broad-leaved evergreens, firethorns have become very widely used. Orange berries produced on very young plants together with the glossy green foliage, make it very interesting for winter effect. 2-3 ft., \$4.50; 3-4 ft., \$6.00.

MAHONIA. (Oregon Hollygrape). Thick glossy leaves that resemble holly, but are much larger and far more attractive. Yellow blossoms in the spring followed by blue berries. 12-15 in. bushy, \$2.50; 18-24 in. bushy, \$5.00.

MAGNOLIA

Soulangeana. Large, purplish-pink blooms that appear prior to foliage in the spring. Used primarily as specimen shrubs. 2-3 ft., \$8.00; 3-4 ft., \$12.00.

RHODODENDRON. (Washington State Flower). If you prepare your soil to an acid condition and choose a sheltered location, Rhododendrons will thrive in our area. While we have named varieties, we are only listing seedlings in purple and red because we have found they are much harder and more satisfactory. They are all budded and will bloom for you this year. 15-18 in., \$5.00; 2-3 ft., \$7.50.

VIBURNUM

Burkwoodi. Excellent waxy green foliage. The glory of this shrub is the waxy fragrant flowers — one bloom will give fragrance to your entire home. Very choice. 18-24 in., \$4.75.

Carlesi. Somewhat similar to the above and preferred by many. Both varieties are very hardy. The leaves on Carlesi are greyer and larger but do not color up as well in the fall. 18-24 in., \$6.00.

NEW!

NEW!

CARLCEPHALUM. Introduced by Wayside Gardens and they say it is the finest flowering shrub in a decade. A most profuse blooming shrub with large cymose clusters of blossoms which are often times 6 inches across. Very fragrant. A wealth of foliage that colors up brilliantly in the autumn. Why not make your foundation planting different from every other house in the block by starting with this plant. Pat. 776. 15-18 inches, \$7.00 each.

Larger size evergreens are available at our nursery. Also other varieties not listed on these two pages. Buy your evergreens from a reputable dealer and where they are guaranteed to grow.

A WELL PLANNED PLANTING

THUJA-ARBOR VITAE

American. Used primarily for hedges. Rather broad growing and rapid—good growing conditions will bring a growth of 2 ft. per year. Plant 3 ft. apart for hedge purposes. Dark green in color. Just about as cheap as flowering shrubs and it stays green all winter. Nice bushy plants 2-3 ft. high, \$3.00.

Woodwardi. (Globe Cedar). Develops into a perfect globe-shaped plant, the spread equaling the height. Light green foliage. Used largely under windows in foundation plantings and in formal work where symmetry is desired. 15-18 in., \$2.95; 18-24 in., \$4.50.

Umbraculifera. A dwarf type of globe. Grows rather flat and round. Ideal for the very low picture window or planter box. 12-15 in., \$4.50; 18-24 in., \$7.50.

Golden. (Berckman's). A beautiful, dwarf, compact variety of golden color. Does best in full sun. Used for urns, small gardens, cemetery lots or brightening up foundation plantings at the base of your steps. 10-12 in., \$2.50; 12-15 in., \$3.75; 18-24 in., \$5.95.

Pyramidalis. Dark green foliage. Columnar, formal habit, dense and compact. For corners, in front of pillars, center or background of group plantings, no other evergreen is quite so popular. 18-24 in., \$2.95; 24-30 in., \$3.95; 3-4 ft., \$4.95.

HANDY PLANTING GUIDE

To show you how to give your nursery stock the fastest possible start and to prevent mistakes in planting which would endanger or slow the growth of your stock.

TAMARIX JUNIPER

JUNIPER-JUNIPERUS

Pfitzer. One of the best types of spreading evergreens. The branches spread horizontally, with the terminals slightly drooping. It lies close to the ground, and for edging larger plantings has no superior, supplying the flowing lines needed in good landscape plantings. Foliage grey-green. 12-15 in., \$2.95; 15-18 in., \$3.95.

Golden Pfitzer. Growth and habit like the green variety, however the color has a decided golden cast, especially in the late spring when the new growth appears. 12-15 in., \$3.25.

Meyer. Foliage is a striking blend of grey and silver-blue turning to a rich violet in the late fall and winter. Irregular growth that is not stiff. Used in foundation plantings and large rock gardens. 15-18 in., \$4.75.

Hetzii. (Blue Pfitzer). Same growing habit as the green and golden Pfitzer. Color is a light cast of blue. Excellent. 12-15 in., \$2.95.

Tamariscifolia. (Tamarix Juniper). Blue-green foliage, compact, procumbent. Much lower growing than the Pfitzer types. Used extensively for rockeries, banks and as a border to your foundation planting. 15-18 in., \$3.25.

Sabina. A semi-upright spreading variety growing to a height of 3 ft. Color dark green. 18-24 in., \$2.95.

Andorra. Very low growing habit. Bluish color throughout the summer turning to purple tones with the first frost. 12-15 in., \$3.45.

Coast of Maine or Waukeegan. Lowest of all spreading evergreens. Bluish in color turning to purple during the fall and winter. Its trailing habit makes it very effective in the rock garden and over walls. 18-24 in., \$5.00.

Beautify and Improve Your Home Grounds

Most of us realize the importance of Landscape beauty in relation to our Homes, our Streets, Municipal Parks, Memorial Parks, Institutions and Industrial Sites everywhere.

It is so very important to have the right tree, the right shrub and the right plant in the right place. It takes some imagination to visualize the ultimate beauty and effect that one creates when planting suitable sizes. In all of these matters, our trained horticulturists are here to help you and to advise in detail what, when, and where to plant. We therefore invite you to come to the nursery to see the plants; most of them will be ready for you to take right along home during planting seasons.

BABY EVERGREENS

2 and 3 year old heavy transplants

Set these sturdy transplanted evergreens in your garden for several years, and you will have trees that will be worth 10 times what you will pay us for them. You be the nurseryman.

CYPRESS-CHAMAECYPARIS

Alumi. (Blue Cypress). Upright, symmetrical growth. Foliage is very compact and rich blue-green in color. To see it is to want it. 24-30 in., \$8.45.

Filifera. A very graceful growing evergreen. Unusual foliage, drooping and graceful, resembling cords of grey-green. 18-24 in., \$7.50.

Filifera Aurea. Similar to above only dwarfer growing with drooping cords of gold. 12-15 in., \$4.50.

PINE-PINUS

Dwarf Mugho. An excellent dwarf pine, globe shaped and erect branching. Especially attractive in the growing season when the new growth, which looks like miniature candles, completely covers the bush. 15-18 in., \$3.50; 18-24 in., \$6.00.

SPRUCE - PICEA

Colorado Blue. (Koster). Grafted plants of steel blue. We call them shiners. There are no spruce any bluer. Well-developed trees that are used primarily for specimens in the middle of the lawn or some other focal point. 3-4 ft., \$29.95.

Norway Spruce. Dark green with rather short needles. Used as specimen in the middle of lawn and makes an excellent living Christmas Tree. 2-3 ft., \$5.00.

Nest Spruce. Needles and color very similar to Norway however it grows somewhat in the shape of a bird's nest. Very slow growing and never over 2 ft. in height and width. Used considerably for small urns and outside planter boxes. 9-12 in., \$3.95.

YEW-TAXUS The Disease Proof Evergreen

No family of evergreens has grained such popularity in recent years as the Yew. Their dark, rich color, hardiness, variety of form, transplanting easiness, adaptability, freedom from disease and insects has merited this position. And what's more they do well in both sun and shade. We truly believe that this is the coming evergreen and are using it more in landscaping work.

ENGLISH YEW. Dark fine green foliage. Upright grower, rather broad. One of the fastest growing yews. 3-4 ft., \$10.00.

HICK'S. Upright grower with coarser needles than the English. Red berries in the late fall. The best of all yews. 3-4 ft., \$10.00.

SPREADING. Rather low growing and spreading in nature. Dark green foliage. Much slower growth than the spreading Junipers. 12-15 in., \$3.45; 18-24 in.,

(Note — While we are only listing three varieties of yew, we are now growing seven. Come out and we will be glad to show you the merits of each variety and how it might fit into your landscape picture.)

New Red Rich Strawberry The Amazing Wonder Berry

Up to a Pint Per Plant First Year • Honey Sweet

University test proved Red Rich best of 29 varieties tested. A patented plant that took 15 years and 15,000 seedlings to produce. Tops for freezing—red clear through. Solid and firm. Huge plants about twice the size of most everbearers. Plant them along border or walk. Real everbearers, folks, crop after crop until freezing weather. Ummmmmm . . . wait'll you taste 'em. ORDER NOW!

STRAWBERRIES

ROCKHILL No. 26. This is a runnerless variety, seldom making runners. Producing a full crop of large red berries with a delicious flavor the same year as planted. It has become one of the most popular strawberries. It makes large crowns and being practically runnerless, is propagated by divisions. Everbearing. No. 1 plants, \$1.50 per dozen; 50 for \$5.50; \$10.00 per 100.

STREAMLINER. Leading growers declare that this is the best everbearing strawberry grown. Most highly desirable for canning and quick freezing. Very prolific bearer the whole season through. \$1.00 per dozen; 50 for \$3.50; \$5.00 per 100.

GRAPES

BLACK. Concord, Fredonia, Worden.

RED. Caco, Agawam.

WHITE. Portland.

GOLDEN. Golden Muscat.

Prices on all grapes: 2 yr. No. 1, Select Plants, 85c each

NEW!!!

NEW!!!

SEEDLESS CONCORD. New seedless variety of the familiar Concord. Same size, same flavor only without the seed. \$1.25 each.

RHUBARB

CANADA RED. The finest darkest red rhubarb of all, the stems are dark red clear to the heart and up into the leaf. Makes very beautiful and tempting sauce. Flavor — second to none. You only buy it once in a lifetime, why fool with second rate varieties.

No. 1 divisions, \$1.00 each

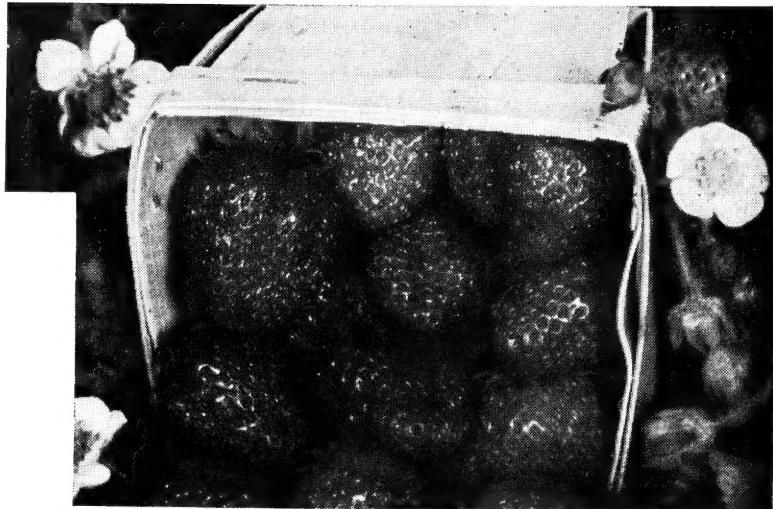

RASPBERRIES

CUMBERLAND (Black Cap). Berries blackish in color. Large firm and most excellent flavor. Very popular.

DURHAM. New revolutionary red raspberry. Bears mid-August until frost. Cut all canes back to ground each fall; crop comes on new growth each year. Eliminates any winter-killing.

NEW WASHINGTON. New. The finest red raspberry. Its berries are large and firm. Good yielder. The best one-crop for the small yard garden.

INDIAN SUMMER. Large medium red berries that keep coming all summer. For enough fruit for the entire family, plant twice as many of this variety as New Washington. Being everbearing, it does not yield as heavy at one time as a one crop raspberry. Prices on Raspberries: Transplants, 35c each; \$3.50 per dozen
